PERSONNEL - Pay Scales DDR 232-62 1 May 1962
Public Law 313

PL 313 was enacted in 1947 and was designed initially for Dept of Army established positions and special rates of pay for scientific and other professional personnel who had attained a level of competence and natl eminence which made them outstandingly qualified. Other agencies have since obtained similar legislation -- DOD, NASA, Public Health Service.

Under PL 110, CIA Director has authority to set pay rates for Agency employees, however he might choose to advise BOB and CSC in advance of taking any such action.

If DD/R should find it desirable to estab special pay rates he wld have to obtain DCI's approval. This should be handled thru D/Pers who will take necessary action.

Memo to DDR/EX from Spec Asst to D/Pers
